RYNDA GPT · LAUNCHING NOVEMBER 2026

Captain Storm (AI)

A maritime assistant that knows the platform data. Ask it like a colleague:

- “Who owns this vessel, and is it clear of sanctions?”
- “Work out the TCE for a 30,000 t bulker voyage”
- “Which vessels are waiting at anchor off the port?”
- “Go through the attached charter: laytime, demurrage, clauses”

170K+ vessels

15K+ ports

109K+ sailing directions excerpts

Speaks any language. Calculations are for reference; the master makes the call.
